

STATE OF THE ART HANGING SYSTEMS

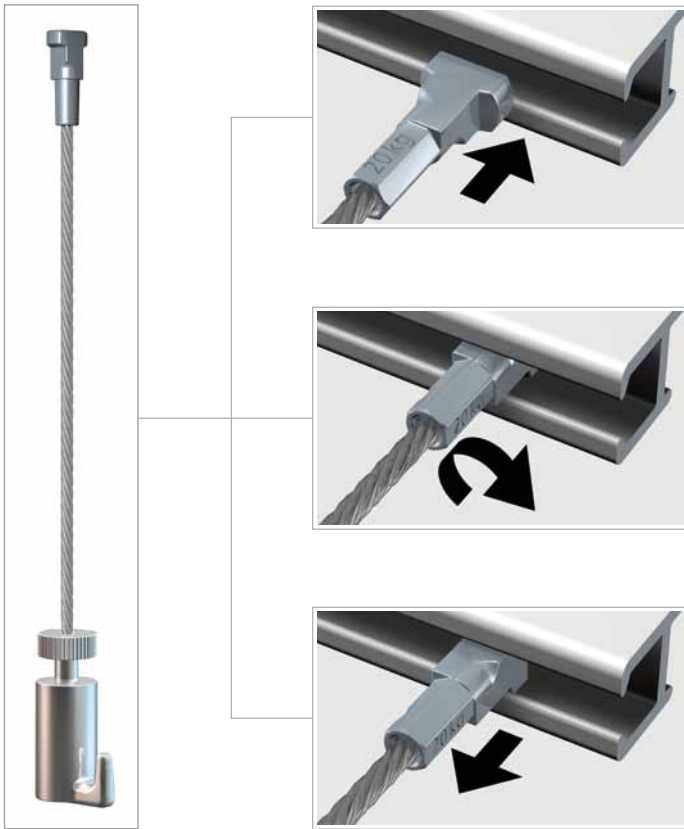

PRODUCT CATALOGUE

NEW

INNOVATION & MARKET POSITION

Over the years, Arti TeQ hanging systems have distinguished themselves in the market by their technical developments and innovative character. Choice of material, design and special applications are according ongoing market developments and trends. The Arti TeQ Research & Development department is constantly working to maintain the market leadership position. They develop new products and improve and adjust existing products to new market developments. Because of this, Arti TeQ can continue to deliver the best State of The Art Hanging Systems.

Twister offers the most logical way of hooking into the rail: twist, click and done. You can hang your work of art anywhere you want. Twister is suitable for the Click Rail, Click Rail Pro, Top Rail, Combi Rail Pro Light, Art Strip and Deco Rail.

SIMPLE, SAFE & STRONG

The Twister hanging wire is a unique innovation, which incorporates flexibility, simplicity and safety. It has never been so easy to hang, replace or remove your decorations wherever you want, without damaging your walls. The locking system is absolutely safe up to (max.) 20 kg/m.

COMBI RAIL PRO LIGHT

NEW

POWERED BY:
PHILIPS
MASTER LED

PATENTED AND DESIGN REGISTERED PRODUCT®

Combi Rail Pro Light offers the ultimate style of presentation. The rail itself is of a handsome, neutral design and fits therefore in any interior style. The lights make it possible to illuminate objects in an effective and superior way thanks to the moveable, flexible luminaire. Installation of the Combi Rail Pro Light is extremely simple and can be carried out in three quick steps without any problem.

DECO RAIL

NEW

ORAC®
DECOR

DESIGN REGISTERED PRODUCT®

The Arti TeQ Deco Rail unites two unique, high quality concepts from ORAC and Arti TeQ. The Deco Rail enables you to change your wall decorations whenever you want, without damaging the perfect finishing of your interior. The rail and Twister slider are both hidden behind the cornice moulding, enabling a subtle, « invisible » way of suspending wall decorations.

CLICK RAIL PRO

The Click Rail Pro is the perfect hanging system for the professional user, who demands the look and qualities of the Click Rail. The Click Rail Pro provides a heavier finish, which is even faster to mount and offers the choice between two different hanging options, each with their own unique qualities. With the first hanging option, you choose an installation where the rail connects perfectly to the ceiling. Hanging option 2 provides a subtle, "invisible hanging" through hidden sliders. The Click Rail Pro is available in a Primer finish, enabling you to paint it over in the same colour as your walls. Your hanging system will beautifully fade over into your wall and provide an overall subtle, perfectly finished look.

CLICK RAIL

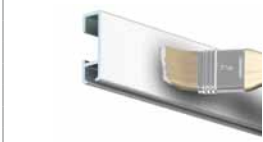

Integrating a flexible hanging system into your home interior is easily and quickly done with the Click Rail. In three simple steps, the rail is fastened to the wall; by hanging or sliding the wires into the rail with optional picture hooks, you create a flexible suspension of your decorations. When you choose the Primer finish of the Click Rail, you can paint it in the same colour as the wall.

ART STRIP

NEW

PATENTED PRODUCT®

The Art Strip provides an easy-to-install, invisible picture hanging system. The Art Strip replaces the side strip used for securing ceiling systems. The Art Strip includes an aluminium rail, in which the Twister hanging cables can be used to hang wall decorations wherever you like. A subtle and perfect hanging system is the result, without ever damaging the walls. The all-in-one functionality of the Art Strip is perfect, integrating the side strip and a perfectly invisible picture hanging system.

TOP RAIL

Ideal for transforming ceiling systems into a virtually invisible picture-hanging spot. As the rail is specially developed to fasten to the wooden side strip of a ceiling system, the decorations appear to hang straight from the ceiling. The Top Rail can also be used to place directly against concrete ceilings.

INFO RAIL

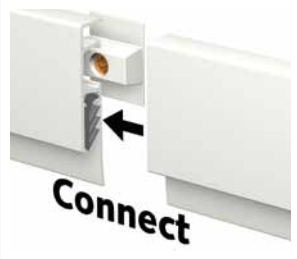

NEW

What better way to share information than with the Arti Teq Info Rail? The Info Rail is the ideal way to suspend all types of documents in the spot of your choice. Pictures, posters, special ad's, recipes, drawings or your to-do-list: there are endless possibilities! The Info Rail is easy to install and can easily be connected and/or reduced in size. The 3-fold gripping system guarentees a firm suspension of documents (for paper > 80 gr/m² to cardboard up to 2 mm).

CATALOGUE NR.0110.001 ART. NR. 1052

- THIS CATALOGUE HAS BEEN MADE WITH THE UTMOST OF CARE. NEVERTHELESS, PRINTING ERRORS AND/OR MISPRINTS CANNOT BE RULED OUT. NATURALLY ARTI TEQ CANNOT ACCEPT LIABILITY FOR THESE ERRORS.
- IN ITS PURSUIT OF CONTINUOUS IMPROVEMENT OF ITS PRODUCTS, ARTI TEQ RESERVES THE RIGHT TO CARRY OUT ANY CHANGES IN ASSORTMENT, VERSIONS, COLOURS, PRICES ETC.
- CORRECT MOUNTING OF THE ARTI TEQ HANGING SYSTEMS IS ESSENTIAL. THE INSTALLER MUST MAKE AN ASSESSMENT OF THE STRENGTH OF THE WALLS OR CEILINGS ONTO WHICH THE HANGING SYSTEMS WILL BE MOUNTED AND OF THE EXPECTED LOADS. THE INSTALLER MUST ALSO TAKE INTO CONSIDERATION LOCAL BUILDING LAWS AND REGULATIONS, AND IS ALSO RESPONSIBLE FOR ENSURING THAT THEY ARE COMPLIED WITH. IF NECESSARY, THE INSTALLER MUST USE SUITABLE MODIFIED MATERIALS FOR MOUNTING. THE INSTALLER ALWAYS HAS THE FINAL RESPONSIBILITY FOR CORRECT MOUNTING, ASSESSMENT OF THE WALLS OR CEILINGS AND FOR THE MATERIALS THAT ARE USED FOR THE MOUNTING.
- IN THE CATALOGUE MAXIMUM WEIGHTS ARE ADVISED. ARTI TEQ CAN HOWEVER NOT BE HELD RESPONSIBLE FOR INCORRECT USE OR A HIGHER LOAD OF THE PRODUCTS THAN ADVISED. ARTI TEQ CAN ALSO NOT BE HELD RESPONSIBLE FOR DIRECT, INDIRECT OR CONSEQUENTIAL DAMAGES THAT ARISE DUE TO MOUNTING ON WALLS OR CEILINGS THAT ARE NOT STRONG ENOUGH, COMBINATIONS WITH OTHER THAN ARTI TEQ HANGING SYSTEMS OR UNINTENDED COMBINATIONS OF ARTI TEQ HANGING SYSTEMS.
